<ul style="list-style-type: none"> - Stirling Council is holding a priority based budget consultation meeting is on Monday 28th September 7- 9 pm at Balfron High School. This is a chance for people to give ideas and input into shaping the budget at an early stage. Looking at ways services could be more efficient to save money. There will be a report with options discussed. - Stirling Council is carrying out an early review of the Local Development Plan agreed in August 2014 because not enough land was identified for new housing, also prompted by the Scottish Government. They've produced a Main Issues Report which is in Consultation stage until October 9th and can be viewed at www.stirling.gov.uk/localdevplan. This won't affect agreed development in Fintry. - A Local Government Boundary Commission review is proposing changes to make Forth and Endrick larger by including Cambusbarron and increasing the number of councilors from 3 to 4. More information on the Council website and people can also comment there. The more who do the better. Concern from some sides that Cambusbarron is not a natural fit for Forth and Endrick - completely different type of community. - Community Pride Fund applications deadlines: Remaining deadlines for FCC to apply for funding for this financial year are 1st October, 12th November, 7th January and 11th February - There have been general complaints about the new police structure. People want to return to having named ward officers. Meetings with communities are taking place to gain local input. Meeting at Callander Fire Station, Friday 4pm. - Jamie Pearson - Documents relating to the Local Development Plan are being left behind Sports Centre bar and information is online, on the council website.

There is no telephone number yet. Bookings to be made no later than 1 working day before the day of travel.</p> <p>A member of the public queried: So if you want a taxi for Monday you have to phone up on the Friday before? Also disgraceful that no number published yet.</p> <p>Jamie Pearson - Anyone struggling for transport should speak to Jamie or Bert Comrie.</p> <p>Crescent Cabs DRT license has lapsed and due to administrative errors with the Traffic Commissioner/Crescent Cabs there has been a delay in getting it reissued. A service is still being provided by Crescent Cabs on a goodwill basis however and it is hoped the license situation will be rectified shortly.</p>	
<p>8. Agreeing Fintry Community Bowling Club New Constitution</p>	<p>Action</p>
<p>Jamie discussed the proposed redrafted constitution with the meeting which allows for a broader range of activities to take place under the auspices of the club - now called the Fintry Community Bowling Club. Membership would require a small subscription to be paid.</p> <p>The Community Council wants to try and keep it going as long as possible. There will be a new committee with 3 members of the Community Council and 2 from the neighbours/wider community, i.e. Jamie Pearson - Chair, Meg Duckworth and Ronnie Garvie from FCC as Trustees plus David Smith - Treasurer, Angela May - Secretary.</p> <p>A discussion took place about transfer of utility suppliers, insurance etc. and it was agreed that this would be finalised together with some slight changes to the new constitution at the next Community Council meeting on Wednesday 21st October. <p>The paths along the river by the rugby pitches and from the sewage plant to the cemetery have been strimmed. Work is needed on one section of the river path and the steps at the far end. A member of public commented on the unevenness of the path to the cemetery and the barbed wire strand on the fence - the fence was erected as the farmer saw fit.
